Hi Zeynep!
Guess what? Our new flat is ready to move into! It is on the fifth floor of a modern building in Trabzon. There is a lift, so it is easy to carry the boxes. The flat has got three bedrooms, a sitting room, a kitchen and two bathrooms. My bedroom is smaller than my brother's room, but it is brighter. There is a wide balcony, and I can see the sea from it! Our old house in the village is a wooden house. It is cosy, but this flat is warmer in winter. Mum says, "The kitchen is the heart of our home." Come and visit us soon!
Love,
Defne
