D Reading: Cities in 2070

4 × 5 = 20 puan

Read the text carefully and answer the questions. *(Metni dikkatlice okuyun ve soruları cevaplayın.)*

> What will cities look like in 2070? Experts at a technology fair in Istanbul shared their ideas last week. They think there will be flying taxis in the sky, and robots will deliver our shopping. Houses will get their energy from the Sun and the wind. The world population will be bigger, so cities are going to build tall “green towers” with gardens on every floor. But there will be problems, too. Some experts predict more storms and floods because of climate change. “We must start protecting our planet today,” said one expert.

1. Where did the experts share their ideas?

2. What will robots do?

3. Why are cities going to build tall “green towers”?

4. What problems do some experts predict?

E Writing: A day in nature

1 × 20 = 20 puan
