1. Tomorrow is Eid al-Fitr and our house in Hatay is very busy today. My mother is making künefe in the kitchen. It smells delicious! My father and my little brother are washing the front steps, and the neighbours are helping them, too. I am tidying the living room and putting flowers on the table. My grandpa usually relaxes in the afternoon, but before every Eid he organises the family photo album. Right now, he is showing old photos to my cousin and they are laughing. Our family always gets on well. I love the day before the Eid because everybody is busy but happy. — Derin
