D Challenge 1: Our class survey

Read the survey report and answer the questions. *(Anket raporunu oku ve soruları tam cümleyle cevapla.)*

> Our class survey in Rize had one big question: “How often do you help at school?” We asked twenty-four students in Class 6-C. Here are the most interesting answers. Nehir is the busiest girl in our class. She always waters the plants in the corridor before lessons, and she usually helps the younger students in the library at lunch. Ozan never misses a football match, but he rarely does his homework on time, so he often stays after class to finish it. Eighteen students sometimes pick up rubbish in the schoolyard without a teacher’s instruction. Only two students never volunteer for anything! Our teacher, Ms Demirci, reads the results to the class and smiles: “You all work hard, but some of you need to work harder to make the grade!”

1. How many students answer the survey?

2. What does Nehir do before lessons?

3. Why does Ozan often stay after class?

4. Is Ms Demirci happy with all the results? Why do you think so?

E Challenge 2: Survey questions

Write three “How often…?” questions for a class survey and answer them about yourself. *(Sınıf anketi için üç “How often…?” sorusu yaz ve kendin için cevapla.)*

1. Write three questions and your answers.

F Challenge 3: School newspaper

Write a short report for the school newspaper. *(Okul gazetesinin muhabirisin. Okulundaki yardımsever bir kişinin (hizmetli, kütüphaneci, aşçı…) rutinlerini anlatan 6–8 cümlelik bir haber yaz. Geniş zaman, sıklık zarfları ve nesne zamirleri kullan.)*

1. Report: “A day with a helpful person at our school”
