1. *am / engineer. / to / going / I / be / an*

2. *travel / Moon. / People / to / the / will*

3. *won’t / bottles. / plastic / We / use*

D Challenge: A letter from 2050

Read Zehra’s letter and answer the questions in full sentences. *(Zehra’nın 2050’den yazdığı mektubu oku, soruları tam cümleyle cevapla.)*

> Hello from 2050!
> My name is Zehra and I am twelve. I live in a green city on the shore of Lake Van. There aren’t any petrol cars here. We travel by electric trams and solar boats. Our school has a garden on the roof, and a robot called Tosun helps our teacher in maths lessons. Every family has a small wind turbine, so we never run out of energy. Next month, I am going to visit the space station on the Moon with my class. I can’t wait! Scientists say people will build a small town on Mars before 2070. Thank you, children of 2026, for starting to protect the planet!

1. Where does Zehra live?

2. How do people travel in her city?

3. What is Zehra going to do next month?

4. Why does she say “Thank you” to the reader?

E Challenge: Building tomorrow’s Earth

Prepare presentation notes of 6–8 sentences. *(Bir grup sunumu için not hazırla: 2050’de hayatın bir alanını (teknoloji, çevre, şehirler, sağlık ya da okul) seç; tahminlerini will / won’t, kanıta dayalı tahminlerini be going to*

ile yaz ve bir soru ekiyle bitir.)

1. Choose one area of life in 2050: technology, environment, cities, health or school. Write your predictions with will / won’t. Add one prediction with be going to based on evidence today. Finish with a question tag for the audience.
