A Reading: My twin cousins

5 × 5 = 25 puan

Read the text and answer the questions. *(Metni okuyun ve soruları kısaca cevaplayın.)*

Hi, I'm Defne and I live in Trabzon. This summer my twin cousins, Ada and Arda, stayed with us for two weeks. They are twins, but they don't look the same. Ada is taller and slimmer than Arda. She has long, straight hair and green eyes. Arda is a bit plump and he has short, curly hair. He wears glasses because he can't see well.

Their personalities are different, too. Ada is more outgoing than her brother. She talks to everybody at the beach and she has a lot of friends. Arda is quieter, but he is very funny. He is also more generous than Ada: he always shares his snacks with me. Ada is punctual and she is never late, but Arda is often late because he is a bit lazy in the mornings. I love them both!

5 × 5 = 25 puan

Read the text and answer the questions. *(Metni okuyun ve soruları kısaca cevaplayın.)*

Kerem Aydın is fourteen and he lives in Konya. He is an archer in his town's sports club. He trains four times a week after school. On Saturdays, he usually goes jogging with his coach, because archers need strong legs and a calm body, too. He never eats fast food before a competition; he always has a healthy breakfast.
Archery is an outdoor sport, but in winter Kerem trains indoors. His equipment is not cheap: a bow, arrows and a special glove. Last year, he had an injury in his shoulder and he couldn't train for a month. It was hard for him, but he didn't give up. This year he won a bronze medal in a national tournament in Ankara.
