5 × 4 = 20 puan

Read the text and write the names of the wild animals. *(Metni okuyun ve boşluklara doğru vahşi hayvan adlarını yazın.)*

Last weekend, my class visited a wildlife rescue centre near Bursa. First, we saw a brown bear. Hunters injured it two years ago, and now it can’t live in the forest alone. Next to the bear, there was a big bird with strong wings — an eagle. It hit an electric line and broke its wing.
In a small glass house, there were some reptiles: two tortoises and a lizard. The keeper said, “People catch tortoises and sell them as pets, but they belong in nature.” Our favourite animal was a young wolf. It lost its mother in a forest fire, so the workers fed it with milk when it was a baby. Finally, we saw a falcon. Next month, the workers will set it free.

2. The _____ broke its wing on an electric line.
3. People catch _____ and sell them as pets.
4. The young _____ lost its mother in a forest fire.
5. The workers will set the _____ free next month.
