..... OKULU

7. Sınıf İngilizce 2. Dönem 2. Ortak Yazılı – Senaryo 1

2026-2027 · Ünite 6–10 (ağırlık Ünite 9: Environment, Ünite 10: Planets) · Senaryo 1: örnek senaryo (MEB 2. dönem tablosu yayımlanınca güncellenecek)

Adı Soyadı		**Sınıfı / No**	
Süre	40 dakika	**Puan**	..... / 100

A Reading: My dream job

5 × 4 = 20 puan

Read the text and answer the questions. *(Metni okuyun ve soruları kısaca cevaplayın.)*

> Hi! I'm Lara, and I'm thirteen years old. I live in Ayvalık, a town by the Aegean Sea. My dream is to become a marine biologist. I think I will study biology at university, and then I will work on a research boat. I will probably dive every day to study dolphins and sea turtles.
> I may not earn a lot of money, but I will be happy. I also believe the seas will be cleaner in the future, because young people care about nature more than before. Will my dream come true? I hope so!

1. Where does Lara live?

.....

2. What is her dream job?

.....

3. Where will she work after university?

.....

4. Which animals will she study?

.....

5. Why does she believe the seas will be cleaner?

.....

B Writing: Where do we go?

5 × 4 = 20 puan

Complete the sentences with the places in the box. There are two extra words. *(Cümleleri kutudaki yer adlarıyla tamamlayın. İki kelime fazladır.)*

police station • chemist’s • art gallery • fire station • department store • bakery • city hall

1. You can go to the _____ to buy fresh bread and simit.
2. We went to the _____ to see an exhibition of paintings.
3. If somebody steals your bike, you should go to the _____ to report it.
4. My mother went to the _____ to buy some medicine for my cough.
5. People go to a _____ to buy clothes, toys and kitchen things in one big building.

C Reading: Zero Waste at our school

5 × 4 = 20 puan

Read the text and answer the questions. *(Metni okuyun ve soruları kısaca cevaplayın.)*

> Last year, our school started a “Zero Waste” project. First, we put three different recycling bins in every corridor: blue for paper, yellow for plastic and green for glass. Then we started a compost area in the school garden. Now, food waste from the canteen turns into soil for our trees and flowers.
> The results are amazing. In one year, we recycled about two tonnes of paper. We also reduced plastic waste, because every student now brings a water bottle from home. Our next goal is to put solar panels on the roof of the sports hall. Our headteacher says, “Every small action is important. We must protect our planet for future generations.”

1. What colour is the bin for plastic?

.....

2. What happens to the food waste from the canteen?

.....

3. How much paper did they recycle in one year?

.....

4. Why did plastic waste decrease?

.....

5. What is the school’s next goal?

.....

D Writing: A message for the notice board

1 × 20 = 20 puan

Write a short paragraph. *(Kısa bir paragraf yazın.)*

1. Write a short message for the school notice board about saving water and energy at home. Write what we must, should and shouldn’t do and explain why. (5–6 sentences)

E Reading: The Red Planet

5 × 4 = 20 puan

Read the text and answer the questions. *(Metni okuyun ve soruları kısaca cevaplayın.)*

> Mars is the fourth planet from the Sun. People call it the “Red Planet”, because its surface has a lot of red dust. Mars is smaller than Earth; it is about half the size of our planet. A day on Mars is a little longer than a day on Earth: it is about 24 hours and 40 minutes. But a year on Mars is much longer: about 687 Earth days!
> Mars is colder than Earth, because it is farther from the Sun. Its atmosphere is very thin, so people can’t breathe there. Mars has two small moons, Phobos and Deimos. It also has the highest volcano in the solar system, Olympus Mons.

1. Why do people call Mars the “Red Planet”?
2. How long is a year on Mars?
3. Why is Mars colder than Earth?
4. Why can’t people breathe on Mars?

5. What are the names of Mars’s moons?
