C Leyla Toprak: A life under the sea

Read the text. Write T (true) or F (false). *(Metni okuyun. Cümleler doğru mu, yanlış mı?)*

> Leyla Toprak was born on 9 April 1961 in Ayvalık, a small town by the Aegean Sea. Her father was a fisherman, and she spent her childhood on his boat. At the age of twelve, she saw a sea turtle for the first time, and she decided to protect sea animals.
> She studied biology at university in İzmir and graduated in 1984. Two years later, she moved to Muğla and started to work at a sea research centre. In 1990, she got married to Okan, a diving teacher, and they raised two daughters.
> Leyla became famous in 1998 because she found a new kind of sea sponge near Kaş. She won an important science award in 2003, and she wrote three books for children about the sea. She retired in 2021, but she still goes diving twice a month and gives free talks at schools.

1. Leyla grew up near the sea. ( )
2. She saw a sea turtle for the first time when she was twelve. ( )
