Dear Future Ece,
Hello from 2027! I’m thirteen now and I live in Mardin. Right now I’m sitting at my desk and imagining your life. Are you a successful architect now? That’s my biggest dream. I will definitely study architecture, because I love the old stone houses of our city and I want to protect them.
I may not stay in Mardin for university. I will probably go to İstanbul or Ankara. But I hope I will come back one day and open my own office here.
I also have some smaller dreams. I will learn to play the oud, and I may learn a third language, maybe Spanish. I won’t stop drawing, because it makes me happy.
Do you still have your best friend, Leyla? I hope so. We promised to visit Kapadokya together when we are twenty.
Please don’t forget this girl who believed in you.
