C Reading: Cahit Arf

Read the text. Are the sentences true or false? *(Metni oku. Cümleler doğru mu, yanlış mı?)*

> Cahit Arf was a famous Turkish mathematician. He was born in Thessaloniki in 1910, and his family moved to Istanbul when he was a small child. As a boy, he loved numbers and difficult puzzles. In 1926, he went to France to study, and he graduated from a university in Paris in 1932. Then he came back to Türkiye and became a maths teacher at Galatasaray High School. A few years later, he went to Germany and studied at the University of Göttingen. He finished his doctorate there in 1938. After that, he worked at Istanbul University, and in 1941 he published an important idea. Mathematicians around the world call it the “Arf invariant”. He died in Istanbul in 1997. Today, his picture is on the back of the Turkish ten-lira banknote.
