3. The blue _____ is the biggest animal on Earth.
4. Many colourful birds and monkeys live in the Amazon _____ .
5. Some _____ kill animals for their skin and fur.

C Reading: Guests on İztuzu Beach

Read the text. Are the sentences true or false? *(Metni oku. Cümleler doğru mu, yanlış mı?)*

Every summer, Dalyan in Muğla welcomes some special guests: loggerhead sea turtles. These endangered animals spend most of their lives in the sea, but the females come to İztuzu Beach to lay eggs in the sand. A mother turtle digs a hole at night, lays about a hundred eggs and goes back to the water. About two months later, the baby turtles come out and walk to the sea. Their journey is dangerous because birds, crabs and bright lights can stop them. Volunteers protect the nests with small cages and count the babies. Tourists should use the beach only in the daytime, and they shouldn't leave rubbish or put umbrellas near the nests. These turtles survived for millions of years. With our help, they can survive in the future too.

1. Loggerhead sea turtles are endangered. ( )
2. Female turtles lay their eggs in the sea. ( )
3. The baby turtles come out about two months later. ( )
4. Bright lights help the baby turtles. ( )
5. Tourists should visit the beach at night. ( )
