C Reading: My Screen Time Diary

Read the text and choose the correct answer. *(Metni oku ve doğru cevabı seç.)*

Last week, our IT teacher asked us to keep a screen time diary, and the results surprised me. I spend about four hours a day online! I use the internet mostly for doing homework and watching videos. I also chat with my cousins in Germany on video calls twice a week. I rarely play online games, and I never shop online because my parents don't allow it.

The diary also showed some bad habits. I often check social media before I go to sleep, so I can't sleep well. I also used the same password for all my accounts, and that isn't secure. Now I'm changing my habits. I log out of my accounts on shared computers, I don't post personal information, and I turn off my phone at 10 p.m. If you want a healthier online life, try a screen time diary, too! — Eylül
