9. Every year, millions of tonnes of plastic go into the oceans. Sea animals like turtles and dolphins sometimes eat plastic bags because they think they are food. This is a big problem for our planet. But young people can help! Students at a secondary school in Mersin started a beach clean-up club last year. Every month, they collect rubbish from the beach near their school. Next summer, they are going to visit other schools and teach students about recycling. They believe the oceans will be cleaner in the future.

Why do some sea animals eat plastic bags?
