17. Melis used to read her notes again and again before exams, but she often forgot everything a few days later. Her English teacher suggested a different method. Instead of only reading, Melis wrote questions on small cards and tested herself every evening. At first, it felt difficult because she couldn’t answer many questions. However, her teacher explained that the brain remembers information better when it has to work hard to recall it. After a month, Melis noticed a big change. Now she feels sure of herself before exams and even helps her classmates make their own cards.

What problem did Melis have?

a) She forgot what she studied quickly.
b) She had no textbooks.
c) She didn’t like her teacher.
d) She was always late for class.

18. Which method did Melis try?

a) Studying all night
b) Testing herself with small cards
c) Listening to music
d) Copying her friend’s notes

19. According to the text, why does the method work?

a) It takes very little time.
b) It is fun to play with friends.
c) The brain remembers better when it tries to recall information.
d) Teachers give extra marks for it.

20. Which word best describes Melis at the end of the text?

a) bored
b) angry
c) worried
d) confident
