Dialogue

Doctor	Good morning. Please sit down. What seems to be the problem?
Patient	Good morning. I have a sore throat and a headache.
Doctor	When did it start?
Patient	Two days ago. I also have a cough, and I feel very tired.
Doctor	Do you have a temperature?
Patient	Yes, I think so. It was 38 degrees this morning.
Doctor	Let me have a look. Open your mouth, please… Your throat is a bit red. I think it's the flu, but it isn't serious.
Patient	What should I do?
Doctor	You should stay in bed and drink lots of warm water. Take this medicine three times a day, after meals.
Patient	Should I go to work tomorrow?
Doctor	No, you shouldn't. Rest for two or three days. If you don't feel better, come back and see me.
Patient	Thank you, doctor.
