D Mars, the Red Planet

Read the text. Are the sentences true or false? *(Metni okuyun. Cümleler doğru mu, yanlış mı?)*

> Mars is the fourth planet from the Sun. It is smaller than Earth — about half its size. Its surface is red because there is a lot of iron in the soil. Mars is much colder than Earth; the average temperature is around minus 60 degrees Celsius. A day on Mars is a little longer than a day on Earth, but a year on Mars is almost twice as long. Mars has two small moons. Scientists send robots to Mars to learn about its rocks and to find out if there was water there in the past. Maybe one day astronauts will visit it.
